From Brand: Jonathan David Publishers : Jewish Folklore in America before purchasing it in order to gage whether or not it would be worth my time, and all praised Jewish Folklore in America:

0 of 1 people found the following review helpful. I've met the rabbi many years ago and loved his talks with the congregationBy CustomerI've met the rabbi many years ago and loved his talks with the congregation. He was a dynamic speaker and a very humble person but warm hearted.Jewish Folklore is one of the best of read in that it's drama, jokes, short stories and long, and whether a person is Jewish or not, they will find it difficult o lay it down.In time I plan on adding more of David Max Eichhorn's books to my library.As a rabbi, his foremost ministry was overseas in World War II, and how he gathered the soldiers even in the combat zone and led services. Eichhorn is gutsy in his writing, gutsy in the front lines, and had his jeep adorned with the star of David, taunting the German soldiers and the SS. The man is a legend. I know I'll read Jewish Folkware again and again. And with a message, he's that funny,0 of 0 people found the following review helpful. A Jewish history book for those with little time!By Steven M. ShapiroAnyone who is intrigued by the trials and travels of Jewish immigrants as they dispersed throughout the US will find this interesting. The book is separated into sections of the country with stories about people and places over the last 200 years. It's an easy read with short segments no longer than 4-5 pages.

Book by Eichhorn, David Max
