**From Record Research : Joel Whitburn Presents The Billboard Albums (Billboard Albums: Includes Every Album That Made the Billboard)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Joel Whitburn Presents The Billboard Albums (Billboard Albums: Includes Every Album That Made the Billboard):

0 of 0 people found the following review helpful. A Rock n Roll Library By Arthurley I am forever getting this book out to look things up settle arguments or to just satisfy my curiosity. For anyone who has a large collection of Lp's and Cd's or just one or the other this book is essential. In my opinion it is the most complete and easiest to reference listing for rock n roll and pop culture there is available today. Any book by Joel Whitburn is a must to any great music

collection. Well worth the money.0 of 0 people found the following review helpful. An excellent collection of information!By RoelansThis book was an eye-opener! When I showed it to friends they all wanted to borrow it. I value this book so much that I didn't let them leave the house with it! Maybe that's selfish, but I knew some of them wouldn't bring it back for a month. Buy it!0 of 0 people found the following review helpful. Excellent!!!By Walther Palomino Sierravery good book about music

A 50-year history of the rock era, including every album that made "The Billboard 200" chart - over 25,000! This amazing reference source provides an artist-by-artist listing of every album that charted in Billboard from 1956 through December 31, 2005. It includes all the chart data including peak chart position, total weeks charted, chart debut date, total weeks at #1, #2 or #3 positions, original record label and number, and more! Also features many bonus sections, including a top 500 artists ranking, chronological listing of all #1 albums, the top 100 albums of all time, top artists by decade, albums of longevity, and more. Includes album cover photos, artist biographies, and many other statistics.
