**Glen H. Stassen : Just Peacemaking: The New Paradigm for the Ethics of Peace and War** before purchasing it in order to gage whether or not it would be worth my time, and all praised Just Peacemaking: The New Paradigm for the Ethics of Peace and War:

Just Peacemaking is the product of 23 scholars across various denominations who have collaborated annually for six years to specify the 10 practical steps and develop the undergirding principles of this critical approach.

"We now have three kinds of ethical theory to deal with regarding the threat of war: pacifism, just war theory, and just peacemaking theory. The development of just peacemaking theory is a response to clear need, and increasingly so in our time. An ethic of peace and war that still operates with only pacifism and just war theory is outdated." About the Author Glen H. Stassen is the Lewis B. Smedes Professor of Christian Ethics at Fuller Theological Seminary in Pasadena, CA. He received his Ph.D. from Duke University.
