Aharon Golub, Bennett W. Golub : Kaddishel: A Life Reborn before purchasing it in order to gage whether or not it would be worth my time, and all praised Kaddishel: A Life Reborn:

1 of 1 people found the following review helpful. A Riveting Book !By diana tKaddishel; A Life Reborn, is a beautiful book! What makes it even more riveting is seeing the Halocaust from a young boys point of view who left his Norman Rockwell childhood to indure horror. Filled with rich history of the times. Highly recommended.1 of 1 people found the following review helpful. Narrowly surviving the holocaust in the woods of PolandBy Jason R. ArbeiterKaddishel is a wonderful book that provides 1st person insight into both a less often told side of survival during the holocaust,

and the author's experiences in settling of survivors in the budding state of Israel. Many books have been written about the horrors of the concentration camps, but in *Kaddishel*, we learn of the different yet equally painful and often fatal challenges that Jews faced in attempting to survive against their enemies in the woods of Poland. The book follows Aharon Golub's life, from a youth in a happy and comfortable family, through surviving the holocaust by the barest of possible margins, to the founding of the state of Israel, and finally to marrying and establishing a family in America. This book, written by Aharon with support from his son and *Kaddishel*, Ben, is the amazing story of survival of a man who in most ways is similar to many Americans. It is a story that many of us, our parents or our neighbor's parents may have narrowly avoided, just by the fate of place and date of birth. Aharon Golub's story should be read by everyone who has an interest in a compelling, 1st person narration of the most critical events that occurred in Europe and Israel in the middle part of the 20th century. Bravo to Aharon and Bennett Golub for the bravery and effort of retelling and publishing this story for the world to know!

4 of 4 people found the following review helpful. A first-hand account of Jewish life in the 20th Century
By Midwest Book Review
In *Kaddishel: A Life Reborn*, Bennett Golub documents the personal history of his father, Aharon Golub. Bennett's purpose in doing so was to achieve a better understanding of himself and to preserve his father's experiences for the benefit of future generations. In the process, the reader is provided a first-hand account of three major historical aspects of Jewish life in the 20th Century: traditional Jewish life in a Polish town; the horrors of the Nazis occupation and holocaust; and the formation of the state of Israel. *Kaddishel: A Life Reborn* reveals Aharon's inner strength that even after witnessing the death of his family members, his resolve was not to rage or hate, but rather the formation of a deep conviction that the Jewish people needed their own homeland and the power to protect themselves anywhere in the world if they were to survive anti-Semitism. Aharon's personal journey eventual led him to America where he raised his own family and has his own "*Kaddishel*" to live on and help him tell his story. *Kaddishel* is a welcome and recommended contribution to the growing library of holocaust survivor memoirs and biographies.

In *KADDISHELA LIFE REBORN*, Bennett Golub assists his father Aharon with documenting his personal history, to both better understand himself and to preserve these experiences for future generations. In doing so, the reader is given a first-hand look at three major historical era: traditional Jewish life in a small Polish town, the mindless horrors of the Nazis, and the formation of the state of Israel. It is an indication of Aharon's strength that even after witnessing the death of his family members, his resolve is not rage or hatred but rather, the deep conviction that the Jewish people need their own homeland and the power to protect themselves the world over. Aharon's journey leads eventually to America where he raises his own family and has his own *Kaddishel* to live on and help him tell his story. "This book is rich with memories and with history, with the richness of Jewish culture. Reading it is truly a rewarding experience." -- Arthur Kurzweil

About the Author Aharon Golub was born in Ludvipol, Poland. He lived an ideal childhood filled with a Zionist orientation. He survived, and was orphaned by the Holocaust. As a legal immigrant to Palestine in 1946, he actively worked towards Israel's independence. Moving to the US in 1954, Golub married and started a family. He is active in Jewish philanthropy. Bennett W. Golub, Aharon's son, is a co-founder of a leading investment and risk management firm based in New York. He also, is involved in supporting many Jewish causes, including the UJA/Federation on NY and the Solomaon Schechter School of Westchester.
