Iren Acs, Julia Levendel : Keep It Safe!: Jewish Life in a Hungarian Town before purchasing it in order to gauge whether or not it would be worth my time, and all praised Keep It Safe!: Jewish Life in a Hungarian Town:

To commemorate the 50th anniversary of the holocaust in Hungary, renowned photographer Iren Acs collected photographs from her birth place of Szecsny and told her own story of a Jewish childhood in the Hungarian countryside to author Julia Levendel. This book is a moving document of a lost world and a fascinating example of the possibilities of found photographs when accompanied by an appropriate commentary.
