Mender was a wonderful man who followed in the dictates and aspirations of the Lord. He fought vigorously to ensure that Africa did not fall into the hands of the British Empire. His history is a story of a brave and a daring African who singlehandedly decided to liberate Africa from the hands of colonialist Britain. I know no other person that had done so much for the continent of Africa as Mender in our entire history. Mender's name is not a household name for obvious reasons as could be understood from reading of this book, but his legacy shall remain etched in the hearts of all Africans. His contribution is immense and his role in the liberation of Africa is incomparable with any other individual in the continent.
