B. Cohen : Kingship and Colonialism in Indias Deccan 18501948 before purchasing it in order to gage whether or not it would be worth my time, and all praised Kingship and Colonialism in Indias Deccan 18501948:

Rejecting simplified notions of 'civilizational clashes', this book argues for a new perspective on Hindu, Muslim, and colonial power relations in India. Using archival sources from London, Delhi, and Hyderabad, the book makes use of

interviews, private family records and princely-colonial records uncovered outside of the archival repositories.

"Cohen has made a major contribution to South Indian history with this first book... Well researched and well written... Highly recommended." - CHOICE
About the Author BENJAMIN COHEN is an Assistant Professor of History at the University of Utah, USA. He teaches courses on South Asia and Asian history.
