Never thought to look on , great savings, same book. If you are a dealer (I have shop on etsy) this is a great book to KNOW CURRENT MARKET VALUE on your vintage and antique piecesas the market has changed signifiacantly in the past decade. Some resource books you MUST UPDATE if you want to have your pulse on trending market for listing purposes as I do.

HIGHLY RECOMMEND. Used to sell on Ruby Lane which only allow truly AUTHENTIC vintage and antique collectibles or they will shut you down. KOVELS helps determine if something is authentic. If you can't find it in book it probably isn't yet of that category. Now on etsy due to working full time and less overhead, footbridgecove1. I have a very very large collection of vintage and antique pieces, all of which I can find in Kovels! I just don't have the time to list them. Feel free to contact me with questions. I have purchased KOVELS books, newsletters and their online access over the years I can give you pros and cons to all. M-R Not my favorite reference book for clarity and ease of use--the size is awkward to hold and read. I do appreciate the "what's trending" areas realizing that the buying public is fickle and what sold yesterday, may not sell tomorrow. 1 of 1 people found the following review helpful. Always the best! By JoAnn Always the best of the antique pricing books. I wouldn't get any other. Because of the cost -- I don't get one every year.

The 49th edition of Kovels', the leading antiques price guide, includes 25,000 listings and more than 2,500 full-color photographs. Kovels' is the most complete and best-illustrated price guide available, from the most trusted name in the industry. It features exceptionally well-organized, wide-ranging, up-to-the-minute information, and includes more tips, marks, logos, and photographs than any other competitive title. Kovels' is the only guide with prices based on actual sales from the previous calendar year, never estimates. Unlike other guides, which focus almost exclusively on English or high-priced items Kovels' covers all American and international items. The book is organized by categories most sought-after by collectors, including Depression Glass, Dolls, Jewelry, Furniture, Porcelain, and Sports Memorabilia. Indexes, cross-references, and expert commentary throughout empower readers to collect with confidence and price their own antiques.

About the Author Terry Kovel has been a lifelong collector and expert and has written more than 100 books on antiques and collectibles. Kim Kovel, daughter of Terry and Ralph Kovel, caught the collecting bug as a child, growing up in a house filled with antiques and traveling regularly to antique shows and flea markets all over the country. She runs and contributes to the Kovels' website and has spent the last 10 years working on the Kovels' price guides and other Kovel projects.
