James R. Walker : Lakota Myth before purchasing it in order to gage whether or not it would be worth my time, and all praised Lakota Myth:

0 of 10 people found the following review helpful. Great ServiceBy CustomerThe service was great! Recieved the book in the condition stated. Delivered on time . Wonderful!!! Better than expected!Will buy again from this seller!

The papers of James R. Walker, physician to the Pine Ridge Sioux from 1896 to 1914, are noted for the information

they have yielded about Lakota life and culture. This third volume of previously unpublished material from the Walker collection presents his work with Lakota myth and legend. Three categories of literature are represented: tales that are classic examples of Lakota oral literature, narratives that were known only to a few Oglala holy men, and Walker's literary cycle representing his attempts to systematize all he had learned about Lakota myth. In her extensive introduction, Elaine A. Jahner addresses the textual problems and critical questions posed by the material and assesses its place in Indian and in world literature. Of prime importance to students of comparative literature, religion, and mythology, *Lakota Myth* takes its place alongside *Lakota Belief and Ritual* (1980) and *Lakota Society* (1982), both available as Bison Books, as an indispensable source for Lakota traditions.
