**Richard K. Kent : Latter Days of the Law: Images of Chinese Buddhism 850-1850** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Latter Days of the Law: Images of Chinese Buddhism 850-1850:

This book introduces later Chinese Buddhist pictorial art as a subject of serious study and considers together traditions of Buddhist painting that are not generally associated with each other. 32 color plates.

"Weidner and the essay contributors pull together a vast amount of information from recent research on Chinese

Buddhist painting and present it in a meaningful, accessible way."
