I haven't read this yet, but I got it ...By KSMephistoI haven't read this yet, but I got it as a gift for my mother after reading another book by Norton "Devil's Snare." Norton is on track to be the president of the American Historical Association in 2018, and her work is reflective of her expertise1 of 2 people found the following review helpful. Three StarsBy MRS.FillingerNot what I expected will probably resale3 of 6 people found the following review helpful. From the Edenton Tea Party to the benefits of an ...By C. MillerFrom the Edenton Tea Party to the benefits of an academy education, this book portrays the transformation of women's lives during the period known as the Revolution. Within these pages women's history is covered along with personal experiences. Through the women's diaries and letters from the 1770's through the 1790's you hear the real voices of the women and their thoughts on politics, war, post war and their education.

First published in 1980 and recently out of print, *Liberty's Daughters* is widely considered a landmark book on the history of American women and on the Revolution itself.

'[An] excellent book[Norton's] first concern is to trace the decline of patriarchy; the growth of free choice of a spouse; the rise of marital equalitythe greater equality in educational attainments; the more intense concern of parents for the proper education of children; the greater permissiveness in child-rearing; and the increased cooperation between spouses in birth control[Her] fascinating documentation, drawn from a vast range of manuscript sources, establishes the facts beyond any reasonable doubtNorton suggests that the change resulted from two factors. The first was the practical experience of women during the long years of revolutionary upheavalThe secondwas the impact of egalitarian and republican ideology.'" ~Lawrence Stone, *New York Times Book Review* From the Back CoverThis book represents social history on a grand scale, imaginatively conceived and massively researched. Norton brilliantly portrays a dramatic transformation of women's private lives in the wake of the Revolution.
