CalandraThe theme of this book is the exploration of the world of "German Mysticism". Included, among other things, are examples of the writings of the 14th century Dominicans and Mystics including Meister Eckhart, Johannes Tauler, and Henry Suso who were the major proponents of this theology. Although the chapters on Meister Eckhart are very informative and interesting, the rest of this book does little to add to the discussion and overall topic. The author fails to discuss the lives the lives and philosophies of the aforementioned mystics in any depth and there are chapters on the Seven Words from the Cross which don't appear to have any relation to the "German Mysticism Movement. All in all, this book seems to be a hodgepodge of mysticism mixed in with religion and perhaps the author's own views and the overall focus of this book seems to have been lost.
