By Barbara Pratt
The calendar section of this book is essential to anyone practicing an Earth based spirituality. This contains the phases of the moon, as well as its astrological positions, dates of special interest, and explanations of the moon energies. Articles in the Almanac are varied, and address numerous interests---everything from specific spell work through the history and myths within the various spiritual practices. I have been purchasing the Almanacs for over twenty years, and I highly recommend them.

By Robin Boyd
I buy this to have a good direction of the moon. They are needed to complete my spells. Last night I had time to go thru the articles. Most of them, held my interest and even though, I been spell casting for over 30 years, I find new suggestions. I loved the clashing the titans. I am a fan of both movies, and the authors intake was great. I decided to find my personal goddess, and there was a helpful article to guide me. Having a Norwegian background, I think Freya, is my girl. All and all, loved the book.
