If you are a regular reader of this subject matter, you may find that you have read most of it before -and not in another life. The articles are cute and the Almanac makes a good personal schedule too. Worth the price. 20 of 21 people found the following review helpful. Awesome Book By saturday mourning I buy this book every year. And I keep all of my old copies. I never throw them out. All of them are full of not just your basic almanac information, but also spells and stories that can be read and used even years after the almanac is out of date. I definitely recommend this book to anyone who is a practicing witch, or who even one who is wanting to live a slightly more witchy lifestyle, or buy it even to learn about a witch's daily life, in this day and age. 1 of 1 people found the following review helpful.
