I know somethings are far fetched if you are truly studying but it's fun and useful no matter how you use it.I was so busy in everyday life for while so instead of following the day by days I just went off the suggested smells that day to help clear my head.5 of 5 people found the following review helpful. Excellent for the beginner or casual magic user or for those who want a simple reading in the morningBy Michelle S. WillmsI love this Almanac and enjoy the layout. It is very useful, but the magic is basic and is not designed for those who may want a higher level of spell, or perhaps are looking for more detailed information about magic. This is beautifully written and is perfect for the casually or beginner.3 of 3 people found the following review helpful. Wonderful BookBy Samantha ColettaThis book is so creative and amazing! I can't wait until next year so I can start using it. Highly recommend!
