**Byrne : Malignant Islamic Cancer** before purchasing it in order to gage whether or not it would be worth my time, and all praised Malignant Islamic Cancer:

Islam is a religion of peace. Islam is one of three Abrahamic faiths. Muslims peacefully coexist with Christians and Jews. Islam has been hijacked by radical Muslims. The Islamic State is not Islamic. The Islamic ideology allows freedom of religion. The liberal media lies to us. Muslims lie to us as demanded by the Islamic ideology. Muslim sympathizers lie to us. The President lies to us. My book attempts to counter these lies with the truth.

About the AuthorAs an engineer, one of my motivations is to learn how things work. Ever since the barbarically evil Muslim terrorist attack of 9/11/01, I have researched the Islamic ideology and Muslim history to determine what made Muslim terrorists tick. As a consequence of this knowledge, I realized that there is a considerable amount of disinformation about Islam and Muslim terrorism. I wrote this book in the hope of countering this deception with truth and accuracy.
