Max Weber : Max Weber: Readings and Commentary on Modernity before purchasing it in order to gage whether or not it would be worth my time, and all praised Max Weber: Readings and Commentary on Modernity:

This unique volume gathers Weber's writings on a broad array of themes, from the nature of work, to the political culture of democracy, to the uniqueness of the West, to the character of the family and race relations, to the role of science and the fate of ethical action in the modern world. Gathers Webers writings in a comprehensive collection,

organized by topic. Rejuvenates a central, pivotal theme of Weberian thought: "How do we live?" and "How can we live in the industrial society? Connects Webers writings to contemporary issues through modern essays and editorial introductions.

"Having established himself as a leading Weber scholar and translator, Stephen Kalberg shows that he is an editor of vision and sensibility. He presents the full range of Weber's writing in a way that indicates Weber's grasp of all aspects of social reality and the enduring value of his analysis." Jack Barbalet, University of Leicester "Having established himself as a leading Weber scholar and translator, Stephen Kalberg shows that he is an editor of vision and sensibility. He presents the full range of Weber's writing in a way that indicates Weber's grasp of all aspects of social reality and the enduring value of his analysis." Jack Barbalet, University of Leicester

From the Back Cover

More than 80 years after his death, Max Weber and his sociology continue to fuel intense interest, controversy, and debate. This unique volume gathers Webers writings on a broad array of themes, from the nature of work, to the political culture of democracy, to the uniqueness of the West, to the character of the family and race relations, to the role of science and the fate of ethical action in the modern world. One central aspect of the Weberian legacy the questions of How do we live? and How can we live in the industrial society? has been rejuvenated here as a pivotal theme that makes Weber even more accessible to current and future generations. Organized by topic, Max Weber includes numerous readings from contemporary sociologists that demonstrate how Webers ideas have influenced recent scholarship. Editorial introductions and further reading lists help to place Weber in the history of ideas and sociological theory. Students, scholars, and all interested in Weber's views on the modern world will want this insightful and outstanding collection.
