**Nikolai Grube : Maya: Divine Kings of the Rainforest** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Maya: Divine Kings of the Rainforest:

0 of 0 people found the following review helpful. This is an amazing book! Well written and beautifully illustrated. By waldo This is an amazing book! Well written and beautifully illustrated. I highly recommend this book to anyone interested in the Maya. 0 of 0 people found the following review helpful. Everything about the Maya in one big illustrated book. By Murilo Ribeiro The book was exactly what I was looking for. It covers every single aspect of the Mayan civilization, with very good pictures, illustrations and texts. The map at the beginning of the book and the summary timeline at the end are also very useful during the reading for "when and where" awareness. 0 of 0 people found the following review helpful. If you love Mayan Ruins, you will love this book!! By N S. I now live in the heart of the Yucatan, where Mayan ruins "live"... awesome book!!

Sunken cities in the jungle and towering temple pyramids reflect only a small portion of our knowledge about Mayan

culture. This fascinating people achieved the landmarks of an advanced civilization such as a highly developed writing system and densely populated cities, earning them a place among the greatest civilizations in the world. However, this period represents just one phase in the history of the Mayan culture, which extends over thousands of years. Our knowledge of Mayan life has increased dramatically in recent decades. As a result, specialists from a wide range of disciplines have contributed to this book in order to represent all of the latest research on the Maya. The contributions included in this magnificent volume range from the origins of Mayan culture all the way to modernity, giving insight into everyday life and religion as well as the artistic accomplishments and intellectual abilities of this important culture.

"A feast for the eyes and the understanding..." Maya: Divine Kings of the Rain Forest Ed. Nikolai

Grube, f. ullmann \$49.99 A feast for the eyes and the understanding, this large volume is replete with hundreds of photos, maps, and texts on a broad spectrum of the Mayan cultures by twenty-six specialists in their fields. Presenting much new information on the Mayan people, their language, and their works, chapters include essays on "Habitats and Early Horizons," "Architecture and Art," "Religious Beliefs," "The Colonial Era," and "The Maya in the Present," among others. The essays are concise, offering material rich in depth and detail, yet easily accessible to the reader. The Appendix contains a glossary, an overview of historical sites, selected museums worldwide together with their contact information, a timeline, charts of the ruling dynasties with accompanying hieroglyphs, and remarks on the writing and pronunciation of Mayan. ed by Ethan Boatner, Lavendar Magazine, Aug 9, 2012 About the Author Professor Nikolai Grube, born in 1962 in Bonn, Germany, studied ancient American languages, cultures, and ethnology at the University of Hamburg. He earned his doctorate in 1989 with a thesis on "The Development of Mayan Writing". His publication primarily address the history of dynasties and the political structures and writing system of the Mayans.
