Original Mein Kampf with Tons of PhotosBy Ahreeman XI am not here to criticize or defend Hitler, but as a historian, professor, author and a journalist, I am here to release a factual, fair, unbiased and objective analysis of this book, yet first to make a few points:I. In America we dont ban or censor information (like this book is banned in Germany), on the contrary we allow public to read Communist, Fascist, Islamic, Nazi and all other ideologies texts, and then judge for themselves about these texts. This is called freedom of information in a democracy.II. If you avoid the public to read something, they will go to great extent to discover what it is that you avoid them to read. Every action causes a reaction, equal and to the same power, yet in the opposite direction.III. As much as Hitler is criticized and hated in the West, yet he is admired and adored in many parts of the world such as East Europe (Romania, Bulgaria, and Hungary), Middle East (Turkey, Iran, and many Arab nations) and

other areas. So it all depends who you speak to!IV. Like it or not, Hitler is the architect and creator of a global political and economical ideology named National Socialism (Nazism) which any free thinker or curious person must study like he studies any other ideology.V. To study and comprehend Nazism you must study and comprehend Mein Kampf (My Struggle) which is basically the Nazi Doctrine written by Adolf Hitler.This book is the best source of information to do this task. I speak 5 languages. I first read Mein Kampf in Persian (back in Iran) and I last read it in English (this book). I am here to tell you that this book is the original English translation, the best translation and the most accurate translation of Mein Kampf available.If you are a history buff, student of history, political junkie, information junkie, scholar or just a enthusiastic reader, then this is the most accurate and unbiased (pro or against) version of Mein Kampf to read. This is the original (1939 version) of Mein Kampf in English translated by James Murphy (distinguished Irish translator) to be distributed in the Britain and the Western World. The translation is extremely well done. There is also a fine introduction by Bob Carruthers (Scottish historian, scholar, filmmaker and author) included. In addition it is illustrated with tons of original photos (some rare) from the 1939 publication.If you want to read Mein Kampf for the first time, brush up on it or read the accurate version, then this is for you. It is the republished copy of the best version available. This book is historically and philosophically valuable and worthy to study and to read. I recommend this book to all.155 of 173 people found the following review helpful.
