As one of the children rescued by Nicholas Winton from ...By Tom GraumannAs one of the children rescued by Nicholas Winton from Czechoslovakia, I appreciate this book which reminds me that there were many more saved from Germany and Austria. Tom Graumann0 of 0 people found the following review helpful. Never forget!By KarenI highly recommend this book. Reading the stories of the children who were Kindertransport survivors was heartwarming. It is amazing how much information was put into one book. The research that went into writing Memories that Won't Go Away was extraordinary. What a gift this book is for younger generation. It keeps the memories of the Holocaust alive.0 of 0 people found the following review helpful.

This is a great book that gives you first hand pictures and stories ...By Sherry RitzThis is a great book that gives you first hand pictures and stories of all the children. Was very informative and a great source for my daughter's History Day project. I am glad I purchased it for her, we have all read it and enjoyed...

From December 1938 until the outbreak of World War II in September 1939, some 10,000 children traveled alone from Germany, Austria, Poland and Czechoslovakia to Great Britain on the Kindertransport - the children's transport. *Memories That Won't Go Away* tells the stories of hundreds of these kinder. Their experiences as strangers in a strange land were often complicated and painful, but as this book illustrates, the rescued children - and their many thousands of descendants - remain eternally grateful to the nation that saved them.
