I do believe this is a great book for quick reference but not for me. I give a 4 star because it's not what I needed But the maker's mark handbook that came with it, I use all the time. 2 of 2 people found the following review helpful. Must Have By Carolyne Horton Hands down the best reference book there is. A must to purchase. Endless valuable information; I own several of the Miller's books and they have proven educational and informative when reseraching or studying. Buy it! 0 of 0 people found the following review helpful. Excellent antique handbook By Edward W. Excellent antique handbook! I was impressed

with the color and detail of all the pictures. I also enjoy " A Closer Look" about an item and "Essential Reference" about a group of antiques. The book looks and feels like an expensive book.
