The writer done a good job of stating what the Bible teaches on Israel. There are many untruths out there now, but this book details the history of Israel as laid out by the Bible. Not only does he review the history of the Israel, but he also goes into the future history of Israel according to literal interpretation of the Holy Scripture (how esle can one read the Bible, but literally with the few exceptions that the Scriptures are to be understood in a nonliteral way). I really enjoyed reading the book and definitely recommend it for all those who want to know the truth about the historical and future role of Israel in the world.0 of 0 people found the following review helpful. Light reading for the student of scriptureBy MBreshearsWish the book were more like the introduction. The cursory fly thru of the miracles God performed for the Israelites in scripture will leave true Bible students flat and others bewildered as to what the author was talking about.1 of 1 people found the following review helpful. Great bookBy CustomerIf you like history you'll love this book. Also it gives do much fulfilled prophecy concerning Israel. It really gives you a wonderful concept of God's greatness how we can trust him even with things going on right now. God will fulfill his promises I really came away feeling good about it.

Nothing demonstrates how God keeps His promises better than the story of Israel. Everyone is looking for a miracle. Families devastated by a faltering economy. A college student facing the horrific diagnosis of cancer. Corporately, whole nations are teetering on the brink of despair and chaos. The Miracle of Israel is a stunning examination of the millennia-old love that God has for His people that: Clearly conveys the promise God gave to Abraham Examines the ancient prophecies regarding Israel that have happened and are unfolding even today Provides an easy-to-read timeline of miracle after miracle related to the nation of Israel. Tracing the history of the Jewish people to the present day, the authors look at prophecy after prophecy that clearly attest to the Lords miraculous promises. From historical records to personal, dramatic stories, the Miracle of Israel shows us that in keeping epic promises to the nation of Israel, Gods provision for each of us is sure, perfect, and on time, every time.
