**Barbra R. Clayton : Moral Theory in Santideva's Siksasamuccaya: Cultivating the Fruits of Virtue (Routledge Critical Studies in Buddhism)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Moral Theory in Santideva's Siksasamuccaya: Cultivating the Fruits of Virtue (Routledge Critical Studies

in Buddhism):

This important text analyzes the moral theory of the seventh century Indian Mahayana master, Santideva, author of the well-known religious poem, the *Bodhicaryavatara* (Entering the Path of Enlightenment) as well as the significant, but relatively overlooked, *Sikṣasamuccaya* (Compendium of Teachings). With particular focus on the *Sikṣasamuccaya*, this book uses original translations and critical analysis in order to answer the question: How would Santideva's ethics be understood in terms of Western moral theory? Santideva's ethical presuppositions and moral reasoning are illuminated by analyzing his key moral terms and comparing them to other Buddhist principles. By focusing on a neglected Buddhist Sanskrit text by a major Mahayana figure, Barbra R. Clayton helps to redress a significant imbalance in the scholarship on Buddhist ethics, which has - up to now - focused primarily on the ethics of the Pali literature as interpreted in the Theravada tradition.

'This study, through its de-tailed description of an important Indian Mahayana text, adds necessary nuance to the growing body of literature on Buddhist ethics, and doubt-tlessly will remain a useful introduction to Santideva's ethical thinking for some time to come.' - *Journal of Buddhist Ethics*, 2008  
About the Author  
Barbra R. Clayton received her PhD in Asian Religions from McGill University, Canada. Currently, she is Assistant Professor for Eastern Religions at Mount Allison University, Canada.
