frightful book. The facts coincide with collective news reports over the decades. Names, information, all those things that tend to slip our minds over time is brought together for single viewing along with stuff the author found while working undercover. It connects the dots and presents us with a clear picture of who CAIR really is and what its motives are. CAIR is a jihadist organization that keeps changing the names of its Jihadist networks. It does so to keep the people confused. CAIR preaches peace and unity, yet the facts reveal a totally opposite goal - conquest of America by way of Islamic rule. The founders of CAIR are the same founders of the Islamic Association for Palestine, a Jew-hating organization. Hamas, The Holy Land Foundation, The Muslim Brotherhood, The Virginia Jihadist Network are all the same CAIR-inspired Jihadist groups. The FBI has publicly stated that CAIR is a Jihadist network, but we hear very little from the news media about that. While our president and the leftist media preaches tolerance, CAIR is planning our destruction via the force of Sharia Law. Don't believe me? Read the book, gather the information and then go double-check the facts elsewhere. They are indisputable and in your face. No wonder CAIR has gone to court three times to have this book banned. 0 of 0 people found the following review helpful. Muslim Mafia By Ars Getting well informed with facts, no opinions, is fundamental to arrive to conclusions. Is not about freedom of speech, or hate or cultural differences, etc. Like globalists want people believe, is about a sad reality that we are facing in the whole world, and we need to be knowledgeable to fight back. 0 of 0 people found the following review helpful. must read for all local and national govt leaders. If they haven't we shouldn't vote for them let alone give them money.

You've heard about the courageous young investigators who covertly videotaped officials of ACORN advocating illegal activities. Now, get ready for an undercover expose even more daring: a six-month penetration of the Washington-based Council on American-Islamic Relations that resulted in the collection of thousands of pages of smoking-gun documents from this terror-supporting front group for the dangerous, mob-like Muslim Brotherhood. This is what Muslim Mafia delivers. It has all the elements of a top-flight mystery novel, but the situations and conversations are real. The book's frightening allegations are supported by more than 12,000 pages of confidential CAIR documents and hundreds of hours of video captured in an unprecedented undercover operation. This trail of information reveals the seditious and well-funded efforts of the Brotherhood under the nonprofit guise of CAIR to support the international jihad against the U.S. Follow intern Chris Gaubatz as he courageously gains the trust of CAIR's inner sanctum, working undercover as a devoted convert to Islam, and blows the whistle on the entire factory fueling the wave of homegrown terrorism now plaguing America.
