lot of ignorance we see around us is due to a lack of understanding history. I'm sure many Islamaphobes would reconsider their position if they knew these facts. A must read and perfect gift. 0 of 0 people found the following review helpful. American Muslims in History By Laurence thefreelancer I got this book for a friend of mine. My friend has told me great things about this book. They were extremely excited to see that Muslims made history in America and continue to make their mark. I may get this for myself since my friend has told me great things about this book. 0 of 2 people found the following review helpful. One Star By JESSE K FOLEY Did not purchase this item.

This is the second edition of Muslims in America-Seven Centuries of History (1312-2000) by Amir Muhammad. The author who has become well known through his traveling museum of 'Muslims in America' has dug out new information about the presence of Muslims in early America and their continued contributions to the enrichment of American Society. It is a small book packed with much information for further research and reflection.
