William J. Murray : My Life Without God (Classics) before purchasing it in order to gage whether or not it would be worth my time, and all praised My Life Without God (Classics):

0 of 0 people found the following review helpful. Dull and Hard to ReadBy Paul StacyVery hard to read. I have not been able to get past the first few chapters. I may try again later.1 of 1 people found the following review helpful. A dark reading at times but very insightful look into ...By Candy MA dark reading at times but very insightful look into the woman who changed the course school prayer in the public school system.0 of 0 people found the following review helpful. Five StarsBy Terri VandeventerI started reading and couldn't put it down. It's definitely an eye-

opening read.

In 1963 America's most famous atheist, Madalyn Murray O'Hair, won the landmark lawsuit filed on behalf of her son William, that effectively banned prayer in public schools. Bill shares in vivid detail his upbringing - the raging battles, his activity in his mother's atheistic empire, his dependence on drugs and his years as a fugitive. Nearly two decades after the Court's decision, Bill came to the end of his personal strength. In desperation he called out to God and God answered. From embezzlement to kidnapping to murder, Bill reviews the shocking evidence surrounding the disappearance of his mother, brother and daughter. Though actively involved in atheism, Bill discovered the gift Jesus Christ offers to all who seek Him. He invites you to experience God's grace in this journey from despair to everlasting love.

"'My Life Without God' is a lurid insider's tale that helped to shape the conservative movement when it first appeared some 30 years ago. It describes the depravity at the heart of the godless, and how close we came to losing our moral compass as a nation. My thanks to WND for making this book available to a new generation of young Americans so they will not repeat the mistakes of the past," --wrote Kenneth R. Timmerman, author and Republican candidate for Congress from Maryland. WND CEO Joseph Farah considers Murray's book to be one of the most important conservative books ever published and credits it with being one of the stories that helped shaped his worldview. "Bill Murray's 'My Life Without God' was a seminal important book for me when I first read it in the early 1980s," Farah said. "I was a young journalist drifting further and further from my left-wing and secular worldview. I was horrified by Bill's vivid and no-holds-barred description of his early life in the home of his famous atheist mother. It made me realize the importance of functional families and transcendent values. It's also such a hopeful book because if Bill Murray could overcome that experience and find salvation, indeed any of us can. I put this book up there on my list of conservative classics right next to Whitaker Chambers' 'Witness.'" --Joseph Farah, WND CEO

About the Author William J. Murray is the chairman of the Religious Freedom Coalition in Washington, DC. For more than two decades he has been at the forefront of social conservatism. He continues to work for the rights of Christians in America and persecuted Christians around the world and is the author of seven books.
