**Hrishikesh Dubey : Mysteries Of Vedic Face Reading** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mysteries Of Vedic Face Reading:

1 of 1 people found the following review helpful. I've been searchingBy AnonI've read many things regarding face reading and body moles/etc but this book offered me new things. Often you find repetitive texts in those books, almost copied from previous face reading books, but this one offers a new perspective I had never read.It's a bit more detailed

than your average face reading book, compiles many different information other authors may divide and sell individually..I would recommend it to everyone and anyone because for 4\$ this is worth it.0 of 0 people found the following review helpful. Message gets very close-minded, opinionated and weird at the endBy LJSGets REALLY WEIRD at the end. Message gets very, very close-minded, opinionated and weird at the end. I became sorry that I bought and read the book when I realized the true nature of the "author." The "author" is actually just a fundamentalist from another religion other than Jesusfreakdom.3 of 3 people found the following review helpful. Very interestingBy CoytarThe book essentially describes that every feature of the face can be attributed to a particular type of human behaviour or quality. I'm a little sceptical about the whole thing but it is very interesting read nonetheless.

Mysteries of Vedic Face Reading contains the most powerful knowledge of vedic literature and is a stepping stone towards spiritual realization.It is a unique book which will enlighten readers to thoroughly assess the nature,character,personality,destiny,conscience and consciousness of a person.It will also help to establish corrective measures when dealing with people of different levels of consciousness.

About the AuthorHrishikesh Dubey is a first class vedic scholar and a foremost transcendentalist in the science of Krishna consciousness.He is thorough in the Vedas and the ancient esoteric treatises of vedic literature and is a master trainer in the science of Krishna consciousness.
