Frederick J Garcia : Restorers of the Breach: Finding Our Common Ground...Reawakening the Heart and Soul of America! before purchasing it in order to gage whether or not it would be worth my time, and all praised Restorers of the Breach: Finding Our Common Ground...Reawakening the Heart and Soul of America!:

1 of 1 people found the following review helpful. This is a Great Book!By Timothy A. DaviesThis book could not be more CURRENT! Well researched, well written and very timely. For those who really want to make America great again.

Restorers of the Breach is a bold invitation to re-discover who we are as a free nation, and to answer the clarion call for her RESTORATION. As Americans we are all charged with the task of promoting and defending God ordained liberties and freedoms in this present generation. Yet many still have no idea where to start. Between information overload, and the cancerous growth of DIVISION among the American people, many believe that our best days are behind us. Therefore Restorers of the Breach was written with the intent of helping to break down traditional and political barriers as the reader is taken on a journey, which explores the common ground (our starting point) upon which we all stand as freedom loving Americans. This book is a wonderful blend of short stories from history, popular media, and fiction along with personal stories from the author himself. It offers the reader a literary feast of insightful, challenging, and time-honored perspective while considering various aspects of human character and need. It touches on topics such as common sense, decision making, humility, trust and forgiveness to name but a few. As a nation, we are not destined to simply return to glory, but to surpass that former glory. This can only be accomplished as we examine, clarify and seek to better comprehend the foundational elements of our freedom and liberty, while embracing the true role of Divine Providence upon whom we are dependent for our independence!

About the AuthorFred Garcia is a man of extraordinary passion, purpose and vision for America and her people. He writes to see identity and purpose restored to the individual, and to the nation as a whole. He is an accomplished musician, songwriter, author, teacher and caring family man. He lives in the small town of Genoa, OH with his wife Michele and three children.
