From Shah Timothy Samuel : Rethinking Religion and World Affairs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rethinking Religion and World Affairs:

In recent years, the role of religion in the study and conduct of international affairs has become increasingly important.

The essays in this volume seek to question and remedy the problematic neglect of religion in extant scholarship, grappling with puzzles, issues, and questions concerning religion and world affairs in six major areas. Contributors critically revisit the "secularization thesis," which proclaimed the steady erosion of religion's public presence as an effect of modernization; explore the relationship between religion, democracy, and the juridico-political discourse of human rights; assess the role of religion in fomenting, ameliorating, and redressing violent conflict; and consider the value of religious beliefs, actors, and institutions to the delivery of humanitarian aid and the fostering of socio-economic development. Finally, the volume addresses the representation of religion in the expanding global media landscape, the unique place of religion in American foreign policy, and the dilemmas it presents. Drawing on the work of leading scholars as well as policy makers and analysts, *Rethinking Religion and World Affairs* is the first comprehensive and authoritative guide to the interconnections of religion and global politics.
