**Joseph M. Murphy : Santeria: African Spirits in America** before purchasing it in order to gage whether or not it would be worth my time, and all praised Santeria: African Spirits in America:

1 of 1 people found the following review helpful. Highly Recommended. Enjoyable Read. By Jade MoonRaven I found this book to be very clear and easy to read. I really enjoyed that it gives you a thorough background for the religion. I am new to this path; so for me, it provided answers that I have struggled to get elsewhere. I really recommend this

title.2 of 2 people found the following review helpful. Great resourceBy CustomerThis book is a wonderful resource for those wanting an introduction to Santeria. Easy to read, but packed with information and excellent references.1 of 1 people found the following review helpful. SanteriaBy JesLorGarThis is a good overview of the religion.

Santera represents the first in-depth, scholarly account of a profound way of wisdom that is growing in importance in America today. A professional academic and himself a participant in the Santera community of the Bronx for several years, Joseph Murphy offers a powerful description and insightful analysis of this African/Cuban religion. He traces the survival of an ancient spiritual path from its West African Yoruba origins, through nearly two centuries of slavery in the New World, to its presence in the urban centers of the United States, where it continues to inspire seekers with its compelling vision.

Informative and a joy to read. . . . It strikes a balance between participation and observation in an explanation of Santeria that will please believer and scholar alike. --Shaman's DrumFrom the Back Cover'A western-oriented introduction to a misunderstood religion of African roots that is a profound symbol of the force of the spirit against slavery.' -Kirkus sAbout the AuthorJoseph M. Murphyis the Paul J. (C'62) and Chandler M. Tagliabue Distinguished Professor in Interfaith Studies and Dialogue in the Department of Theology at Georgetown University.
