**From Julian Goodare : Scottish Witches and Witch-Hunters (Palgrave Historical Studies in Witchcraft and Magic)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scottish Witches and Witch-Hunters (Palgrave Historical Studies in Witchcraft and Magic):

0 of 0 people found the following review helpful. Excellent work  
By Faith McCann  
Very well researched and written book. A compilation of a number of papers and thesis's written about ancient Scottish Witchcraft trials. I do like it very much.

This book brings together twelve studies that collectively provide an overview of the main issues of live interest in Scottish witchcraft. As well as fresh studies of the well-established topic of witch-hunting, the book also launches an exploration of some of the more esoteric aspects of magical belief and practice.

This is a book that is fresh and thought-provoking, and its authors are to be congratulated on their varied, precise, and well-researched contributions. *Scottish Witches and Witch-Hunters* is a fantastically useful resource, and can only further stimulate work in the area. Julian Goodare and his team of contributors have given us a wide-ranging, provocative, and deeply scholarly volume, in which all the chapters are valuable, and the whole really is more than the sum of the parts. (Marion Gibson, *Folklore*, Vol. 126 (3), 2015)
