**C.T. Rossi : Seeking More: A Catholic Lawyer's Guide Based on the Life and Writings of Saint Thomas More** before purchasing it in order to gage whether or not it would be worth my time, and all praised Seeking More: A Catholic Lawyer's Guide Based on the Life and Writings of Saint Thomas More:

0 of 0 people found the following review helpful. Good for newbies and more experienced folksBy Franciscan

Socrates I'm no newbie to the subject, having already read Roper's biography of More and the Utopia. This book is a helpful addition to the field, and it especially shines in covering the part of More's life before the King's marriage became an issue. Lawyers and law students will get more out of it than laypersons, as it is primarily written for them but the biography of More is itself well worth the purchase price, regardless of one's familiarity with the Law. More's sense of humor shines through the biography portion, and the author adds a few subtle jokes of his own. 0 of 0 people found the following review helpful. Five Stars By Raphael Wonderful book. Amazing combination of history, faith and practice of law. 0 of 0 people found the following review helpful. Highly Recommended By Fred Well researched and written. An enjoyable book, especially worthwhile to Catholics hoping to live out their faith in the practice of law.

The short answer is yes. But you can't do it without understanding that being a lawyer is a special vocation one that calls upon you to know how your Catholic faith intersects your professional life. In these times when developments in the civil law run contrary to traditional Catholic moral teaching, how is a lawyer expected to properly render to Caesar the things that are Caesar's, and to God the things that are God's? Seeking More is a guide designed to help you discover the Church's perennial teachings on the nature and purpose of law, the balance required in Church and State relations, and the duty of all Christians to work for the common good. However, like any good lawyer, author C.T. Rossi goes further than merely providing those teachings in the abstract and applies the rules to the facts through an in-depth study of the life of St. Thomas More. Unlike other popular works about the patron saint of lawyers, here St. Thomas struggles in our own morally confusing times. For the legal professional, this guide's St. Thomas More is more than an object of saintly veneration. Instead, he proves to be a beloved legal colleague and guide worthy of imitation.
