A.A. Znamenski : **Shamanism in Siberia: Russian Records of Indigenous Spirituality** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shamanism in Siberia: Russian Records of Indigenous Spirituality:

This book takes you to the "classical academy of shamanism", Siberian tribal spirituality that gave birth to the expression "shamanism." For the first time, in this volume Znamenski has rendered in readable English more than one hundred books and articles that describe all aspects of Siberian shamanism: ideology, ritual, mythology, spiritual pantheon, and paraphernalia. It will prove valuable to anthropologists, historians of religion, psychologists and practitioners of shamanism.
