Si Lewen : Si Lewen's Parade: An Artist's Odyssey before purchasing it in order to gage whether or not it would be worth my time, and all praised Si Lewen's Parade: An Artist's Odyssey:

1 of 1 people found the following review helpful. Enthralling and Ingenious By A reader I learned of this book in a radio interview with Art Spiegelman, and bought it sight unseen as a gift for someone who's an artist and a history buff. We examined it together and were enthralled with it. The images are overwhelmingly powerful. We could not believe that we hadn't heard of Si Lewen before. We were also impressed by the ingenious physical construction of the book, which met Lewen's criterion of wanting his images to be displayed right next to each other. PARADE is of great artistic and historical significance and I recommend it highly. 1 of 1 people found the following review helpful. The book is a beautiful and stylistic celebration of Lewen's work By BT Ep The book is a beautiful and stylistic celebration

of Lewen's work. Spiegelman's thoughtful foreward provides great context and history.0 of 3 people found the following review helpful. Three StarsBy Bruce CotaIt's ok.

Si Lewens Parade is a timeless story told in a language that knows no countrya wordless epic that, despite its muteness, is more powerful than the written or the spoken word. First published in 1957, The Parade is a lost classic, newly discovered, remastered, and presented by Art Spiegelman, the Pulitzer Prizewinning author of Maus. Reproduced in a unique two-sided accordion-fold format with an extensive overview of the artists career on the verso, The Parade is a celebration of art and the story of recurring war as Si Lewen experienced it over the past 90 years, watching the joyful parades that marked the end of World War I lead into the death marches of World War II and the Korean War. As The Parade unfolds, the reader is taken on an unforgettable journey of sequential images.

"An eloquent and vigorous protest against wars horror and futility."
