Headline : Sky Sports Football Yearbook 2014-2015 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sky Sports Football Yearbook 2014-2015:

0 of 0 people found the following review helpful. Great, but could be so much better...By Thomas B. MixWell packaged book arrived in excellent shape and in reasonable time of order/print dates. This is an excellent book providing very good coverage of the previous season and of virtually every league in the British Isles. With some reference to other events as they relate to English clubs. The books cries out for a glossary of an explanation of terms

and sub-heads. If it exists I've been unable to find it. And I would think they could put a players first name rather than just a first initial in such a huge and informative book, after all it is the players who are the teams, leagues and sport. Plus a few more stats on the club pages would be great like assists, CKs, etc. to make it more comprehensive and meaningful to those who don't live in some of deep minor league areas of limited interest. This is the best book out there for football info/stats but it could be so much better with so little effort to do so. That is frustrating for those of us who are looking for real comprehensive coverage of the EPL teams which is or should be the focus. Regardless of the noted faults it is still an excellent book that I highly recommend to all even remotely interested in soccer/football. For me it is just that in 1056 pages, more than 2-4 can be devoted to each EPL club particularly when there is so much more that could be included. Just because it is the best doesn't mean there isn't room for betterment. 0 of 0 people found the following review helpful. ... football supporters Tremendous amount of information and a very good coverage of the game for last season
By Roger Males
Excellent book for football supporters
Tremendous amount of information and a very good coverage of the game for last season

These 1,056 fact-filled pages include everything you need to know about domestic and international soccer. This Forty-fifth edition of the soccer bible brings you all the Premier League, Football League, Champions League, and Europa League stats. It never fails to deliver with unrivalled stats and information, including a comprehensive season-by-season players' directory with an invaluable A-Z of all entries; the most informed stats for English and Scottish league and cup matches; and English and Scottish important dates at home and abroad for the 2014-2015 season. As ever, this is the "first reference book you should turn to."
