John Stratton Hawley, Mark Juergensmeyer : Songs of the Saints of India before purchasing it in order to gage whether or not it would be worth my time, and all praised Songs of the Saints of India:

0 of 0 people found the following review helpful. Potent passages.By Honest DaveThis was a required text for a course I was in. This is not the type of book you just sit down and read (although you may choose to do so), but rather this is the type of text you read a passage at a time and then ponder the meanings within each passage. Lots of knowledge from enlightened folks. Hope this helps :)0 of 0 people found the following review helpful. Five StarsBy Customergood0 of 0 people found the following review helpful. Five StarsBy sandra prakashExcellent book.

The verses of the great religious poets of north India stand at the fount of the Hindi language, and many would say that they also represent its greatest flowering. These poems are awash in universal themes--cruelty, loneliness, hope, infatuation, the weight of time--and are well known to Indians in every walk of life today. Their authors are revered not only as poets but as saints through a hagiographical literature that extends to comic books, TV serials, and motion pictures. Songs of the Saints of India presents six of the best known of these poets--Ravidas, Kabir, Nanak, Surdas, Mirabai, and Tulsidas--with a biographical and interpretive essay on each and a selection of representative verses in original translations. The book provides a new way to be introduced to Hinduism as it is lived today.

"Wonderful background essays, with movingly translated 'songs of the saints'. Good introduction--for those students who already have some background on India."--F.W. Blackwell, Washington State University"One of those rare and

wonderful books that makes first rate scholarship immediately accessible to the non-specialist....Lively....An excellent book for the classroom."--Religious Studies "Hawley and Juergensmeyer have produced an introduction to North Indian devotion of very broad appeal. For undergraduates, it provides attractive translations; for specialists, it presents up-to-date discussions of textual sources; and for generalists, it offers an insightful handling of diversity in tradition."--History of Religion "In creating Songs of the Saints of India, Jack Hawley and Mark Juergensmeyer have filled a longstanding need....A fascinating and enlightening presentation of the bhakti tradition of North India. Its extensive glossary and notes as well as its lucid presentation make it ideal for teaching or reading at the introductory level. Its innovative, authoritative approach to long-standing issues in the Hindu tradition make it compulsory reading for any scholar of religious traditions. The poems themselves make delightful and provocative reading for anyone; thanks to their introductions, their richness is more accessible than ever."--Center for the Study of World Religions "Between the covers of this book live six extraordinary North Indian saint-poets. Hawley tells their lives in his flowing good-humored prose that gracefully conceals his great care and scholarship....[and] offers us a generous selection of each saint-poet's poems, translated in verse forms that are fluent, sparkling, vivid, never far from the tones of speech....We have waited long for an anthology of Hindi bhakti of this range, authority, and literary excellence."--A.K. Ramanujan, University of Chicago "An excellent balance of critical analysis and sensitive, readable translations of the most popular saint-poets of Northern India. A key resource for both literature and religion courses."--Barbara N. Ramusack, University of Cincinnati "Superb anthology."--Richard B. Barnett, University of Virginia "Perfectly fills a need....I will certainly use it."--Richard Davis, Yale University "[The authors] are eminently qualified to translate the poetic songs of the saints of India....The present volume, dealing with six saints, has widened the boundaries we associate with the religions of India. The quality of the printing and binding is excellent."--Choice Language Notes Text: English, Hindi (translation) About the Author John Stratton Hawley is Professor of Religion, Barnard College, Columbia University, USA and Mark Juergensmeyer is Professor of Sociology and Director of Global International Studies Program, University of California, USA
