Mark Kishlansky : Sources of the West, Volume 1: From the Beginning to 1715 (8th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sources of the West, Volume 1: From the Beginning to 1715 (8th Edition):

1 of 1 people found the following review helpful. Five StarsBy Loving LifeServed the purpose1 of 1 people found the following review helpful. Great SourcesBy Brittany AndersonThis was a great book because it contains primary documents that are beautifully organized to be able to discover the flow of ideas that occurred through history. This book is clear and has large print so as to be an easy read with room to make notes.0 of 0 people found the following review helpful. Five StarsBy MichelleGreat book I loved it

Read the voices of the past to connect with the present. Kishlansky presents a well-balanced selection of readings that

integrate coverage of social, economic, religious and cultural history within a traditional, political framework. Sources of the West includes documents on political theory, philosophy, imaginative literature and social history as well as constitutional documents, all of which raise significant issues for classroom discussions or lectures. By reading the voices of the past, readers can connect them to the present and learn to understand and respect other cultures while thinking critically about history.
