With a collection of 300 sources--each accompanied by an introductory essay and review questions--this two-volume primary source reader emphasizes the history of ideas. The Sixth Edition features additional sources by and about women, as well as new attention to documents dealing with social and cultural issues. This reader works as an

accompaniment to any Western Civilization course, but makes an ideal companion for Perry's Western Civilization, 7/e, or Western Civilization: A Brief History, 5/e.
