Mission accomplished. rental is the best.1 of 1 people found the following review helpful. Works well for classBy LiesaI needed it for class, so I bought it. It is easy enough to understand and it is fairly small. There are 370 pgs of primary sources. It includes sections of important documents from ancient times. There are too many to list, but here are the regions it has documents for: Africa, Americas, East Asia, Europe, Middle East, and South Asia. There are about ten clippings per region, probably a little more.0 of 0 people found the following review helpful. Five StarsBy AnujIt's a good book
