Denis Gainty, Walter D. Ward : Sources of World Societies, Volume II: Since 1450 before purchasing it in order to gage whether or not it would be worth my time, and all praised Sources of World Societies, Volume II: Since 1450:

1 of 1 people found the following review helpful. Open Source MaterialBy College StealthMy assumption is that most individuals are having to purchase this book for a class, I actually got it to supplement a class that I was giving. I found that an instructor can easily by-pass having students pay for this book by taking the time and linking to the primary source documents online. There is minimal context giving for many of the writings and they are often

excerpts that leave a lot to be desired in terms of the context and/or framing of the ideas. I understand that it is often used a supplement to World Societies, but do your students a favor, utilize open source information and prevent them from having to pay the fees for this book.0 of 0 people found the following review helpful. Four StarsBy Amanda ForemanPurchased for History class. Informative, not overly thrilling or enthralling but informative enough.0 of 0 people found the following review helpful. An excellent TextbookBy Jim SwikeAn excellent textbook especially covering the period of explorers such as Columbus. Enjoy!

Designed to accompany McKay et al.'s A History of World Societies, each chapter of Sources of World Societies contains approximately six sources that present history from the perspectives of well-known figures and ordinary individuals alike. Now with visual sources and two more documents per chapter, this edition offers breadth and depth. Headnotes and questions supplement each document, while a new Viewpoints feature highlights two or three sources per chapter that address a single topic from different perspectives. Comparative questions ask students to make connections between sources and across time. Sources of World Societies is FREE when packaged with A History of World Societies. For more information on the reader or on package ISBNs, please contact your local sales representative or [click here](#).

About the AuthorWalter D. Ward (Ph.D., UCLA) is an assistant professor at the University of Alabama at Birmingham. He has published several scholarly articles on the Roman Near East, early Christianity, and trade in the Red Sea, and he is putting the finishing touches on his first book manuscript, *Inventing the pre-Islamic Saracen "Other": Monastic and Saracen Identity Formation in the Sinai Peninsula from Constantine to Mohammad*. Denis Gainty (Ph.D., University of Pennsylvania) is a professor of history at Georgia State University. He is the author of several pieces on Tokugawa and Meiji social history, including a book chapter on the inclusion of martial arts in the modern Japanese public school curriculum. He is currently writing his first book, *Martialing the National Body*.
