E. Allen Richardson : Strangers in This Land: Religion, Pluralism and the American Dream, Revised Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Strangers in This Land:

Religion, Pluralism and the American Dream, Revised Edition:

This updated, revised edition of the important 1988 work examines the complex relationship between American ideals and increasing religious diversity. Since publication of the first edition, American religion has become more pluralistic and the central dynamic of welcoming vs. rejecting religious diversity is even more prominent and nuanced. Explored here are two competing visions of the American Dream as it relates to religion: America as a pluralistic society shaped by its diversity, and America as an assimilative society in which people of all backgrounds become "American."

About the Author E. Allen Richardson is a professor of religious studies at Cedar Crest College in Allentown, Pennsylvania.
