**Lao-tzu : Tao Te Ching** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tao Te Ching:

Just breatheBy RoshAs with so many books, we endure the scholarly and erudite reviewers who claim to know which text and translation is the most recondite, the most accurate, the most true to the original. I don't know about all that. I know Lao Tsu was so important to Asian culture and life, and I know this book makes me feel whole again with each reading. I slow down, and his true words align the iron filings in my heart.Let the educated debaters go on with their "Ten thousand things" arguing about translations and meanings. They miss the point. Get this book, make some tea, turn of the incessant rattlings in your brain and the screens in your home and relax to ancient wisdom that has influenced millions of hearts and minds for thousands of years...16 of 16 people found the following review helpful. Makes you thinkBy Spencer FloydA very interesting book that I enjoyed reading. All throughout this book it made me think in a much bigger perspective. If you are anything

like me you are probably reading these reviews to help you decide whether or not to buy this book. I am glad I bought it because it was a very easy and short read and was interesting. I recommend it to everybody. 0 of 0 people found the following review helpful. A Beautiful and Accessible Translation By M This is the best translation of The Tao I've read. I haven't read that many, but I was immediately struck with how accessible the language is while maintaining the great precision, delicacy and power. I looked for it because I had read that Thomas Merton really liked John Wu's translation of The Tao. I liked it so much, and couldn't find an e-version, that I ended up retyping the whole thing so I could carry it around on my phone. It's a very tiny size wise book, which at first I wasn't sure I liked, but now think it's a lovely idea because you could carry it around with you if you wanted. I believe there's a larger version of this translation, I think I saw it in a bookstore, but wasn't able to find it on line. In any case, it's a great translation and I think well worth getting.

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

Language Notes Text: English (translation) Original Language: Chinese About the Author Charles Johnston (1867-1931), was steeped in the wisdom of eastern traditions, having translated the ten Principle (Mukhya) Upanishads of the Vedanta, the Bhagavad Gita, the Yoga Sutras of Patanjali, the Crest-Jewel of Wisdom and other works of Sankaracharya, the Tao Teh King of Lao Tze, along with a running translation/commentary on a series of Buddhist suttas. He also wrote at length on the religious traditions of both east and west, focusing largely on the Vedanta of India and the Christian texts of the New Testament. These writings have been collated posthumously under the title Hidden Wisdom: Collected Writings of Charles Johnston, a four volume set of over 2500 pages! In addition to this is a further 1600 pages in his five principle works (see below). His writings are not only impressive in quantity, but also in quality. He elucidates the worlds spiritual philosophies, from east to west, as one united whole, demonstrating the oneness of their core tenets and the high value of their essential teachings. Books by Charles Johnston: The Tao Te Ching: Lao Tzus Book of the Way and of Righteousness, 1st Edition (2016). ISBN: 978-1537196473.
