Thomas Bulfinch : The Age of Chivalry before purchasing it in order to gage whether or not it would be worth my time, and all praised The Age of Chivalry:

By Stuart Smith A classic collection of mythology, with numerous quotes from poets and historians to illustrate the use of the myths. I did not give this a five rating because the index was useless - could not quickly go to categories of myths or specific ones without using a search mechanism, which can be slow with such an enormous tome. The appendix of names was interesting though. 7 of 7 people found the following review helpful. Great Historical Read By Drew R. Maerz I did not know much about Charlemagne when I saw this for the Kindle. Being a fan of Arthurian books and Thomas Bulfinch, I decided to take the chance on this text. I was not disappointed. This is a relatively easy read and is filled with wonderful stories and tales. For a fan of European lore, I would recommend this book. 0 of 0 people found the

Buy them for your kids and if like me, they'll hate reading them too!Seriously, this is a great value and if your high school son or daughter is required to read these then you can't go wrong with this three volume package. saves you money and you get all three.

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.
