From Alaska Northwest Books : The Alaska Almanac: Facts about Alaska before purchasing it in order to gage whether or not it would be worth my time, and all praised The Alaska Almanac: Facts about Alaska:

5 of 5 people found the following review helpful. More than just the facts...By HMS WarspiteThe 33rd edition of "The Alaska Almanac" is the latest updated collection of facts, figures, and interesting-to-know information about the biggest state in the United States. The almanac's contents cover everything from agriculture to air travel to the populations of towns and cities according to the 2010 census, to names of governors and of wild flora and fauna, to

lists of media outlets and the definition of permafrost. The state's vital energy sector and its diverse climates by region get extended entries. There are explanations of unique Alaska words and phrases. The text includes lots of maps, diagrams, pictures, and graphics. Wacky commentary from comedian Mr. Whitekeys helps lighten up the duller parts. "The Alaska Almanac" is highly recommended to visitors and residents alike as a source of useful facts and of fun casual reading. It is a great companion volume to "The Milepost" road guide for anyone planning travel to and around the state. 1 of 1 people found the following review helpful. The Alaska Almanac: Facts about Alaska By Fern Whether you are traveling to Alaska or are just interested in facts about the state this is the book for you. It has information on and facts regarding the geography, economy, sports and cultures. Do you know how many types of bear live there? or how many types of salmon are in the waters? questions about oil, the pipeline, the spill and the dividend fund. The answers are here in this easy to use resource book. 2 of 2 people found the following review helpful. Fun to Read - Useful Info By Judy B. Ross I checked this book out of the library. Once I started reading it decided to buy a copy to take on a month long trip to Alaska. Good info and hopefully will make us look like less stupid tourists while we are there. The book not only has useful info, it is fun and an interesting read. If you are going to visit Alaska, it is IMHO, a must have book.

The Alaska Almanac is an indispensable reference for those who are traveling to the north or those who already know and love it but want to impress others with their encyclopedic knowledge of Alaska's fascinating past and present. Updated each year, this affordable, best-selling guide offers accurate, timely facts on geography, history, economy, employment, recreation, trophy records, climate, and people of the state with the most ests ever largest lake, tallest mountain, longest coastline, biggest cabbage, most acreage in national parks and more. It also features Alaska's funniest man, Mr. Whitekeys, who manages to find some of the more bizarre facts about the state for us.

""The guide is a handy reference for travelers, researchers, and other people in all walks of life."" --- Alaska Journal of Commerce.
