UnbelievableBy ShaleUnbelievable situation whereas someone had actually volunteered, the story of which I had never heard of and actually was afraid to read, but did and now surely have a better understanding of the horrific things that these unfortunate people had to endure and man's inhumanity to man when in situations such as these.6 of 6 people found the following review helpful. An Unsurpassed Epic

Tragedy By Foster H. Pilecki's gripping, suspenseful, and detailed account of life in WWII's most notorious concentration camp deserves to be required reading for students the world-over. He brings a fresh perspective as a Patriotic Pole to the unspeakable acts of evils done by men to their fellow man. Pilecki's work helps the reader confront the many moral issues inherent in the "duality of man." 1 of 1 people found the following review helpful. A tragedy almost unbearable to hear. By Marlene Klotz An extremely painful memoir that is almost unbearable to hear on audiobooks. It took all my strength and determination to listen to this man's story of his experience at the hands of beasts of Nazi Germany. Only a person with a strong stomach can read or hear Pilecki's words.

In 1940, the Polish Underground wanted to know what was happening inside the recently opened Auschwitz concentration camp. Polish army officer Witold Pilecki volunteered to be arrested by the Germans and reported from inside the camp. His intelligence reports, smuggled out in 1941, were among the first eyewitness accounts of Auschwitz atrocities: the extermination of Soviet POWs, its function as a camp for Polish political prisoners, and the final solution for Jews. Pilecki received brutal treatment until he escaped in April 1943; soon after, he wrote a brief report. This book is the first English translation of a 1945 expanded version. In the foreword, Poland's chief rabbi states, If heeded, Pilecki's early warnings might have changed the course of history. Pilecki's story was suppressed for half a century after his 1948 arrest by the Polish Communist regime as a Western spy. He was executed and expunged from Polish history. Pilecki writes in staccato style but also interjects his observations on humankind's lack of progress: We have strayed, my friends, we have strayed dreadfully... we are a whole level of hell worse than animals! These remarkable revelations are amplified by 40 bw photos, illus., and maps

September 1940. With calm deliberation, Polish Army officer Witold Pilecki walked into a Nazi German street round-up in Warsaw and became Auschwitz Prisoner No. 4859. Pilecki had volunteered for a potentially suicidal secret undercover mission for the Polish Underground: smuggle out intelligence about this new German concentration camp, and build a resistance organization among the prisoners. Barely surviving nearly three years of hunger, disease and brutality, Pilecki accomplished his mission before escaping in April 1943. His clandestine intelligence reports from Auschwitz, received by the Allies beginning in 1941, were among the earliest, including the full horrors of daily life inside the camp, the killing of Soviet soldiers taken as prisoners of war, the building of the gas chambers and mass extermination of the Jews brought to the camp. Pilecki's most comprehensive report on Auschwitz, written for his Polish Army superiors in 1945, is being published here in English for the first time.
