**Harvey Kraft : The Buddha from Babylon: The Lost History and Cosmic Vision of Siddhartha Gautama** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Buddha from Babylon: The Lost History and Cosmic Vision of Siddhartha Gautama:

The sudden death of the Persian Emperor in 522 BCE is one of history's great mysteries. Was his demise self-inflicted, accidental, an assassination or due to natural causes? The author contends that during this incident Siddhartha Gautama may have been the leader of Babylon's Magi, an interfaith order that assumes governance of the region. The situation explodes when Darius the Great seizes the throne. Simultaneously the Magi Order is purged as Siddhartha, prince of the Saka nation, heads back east to the Indus. Could this event have inspired the creation of Buddhism as a pacifist movement dedicated to the pursuit of self-transformation, goodwill, and universal compassion? *The Buddha from Babylon: The Lost History and Cosmic Vision of Siddhartha Gautama* uncovers new evidence that solves this ages-old mystery and discovers Babylonian influences in the Buddha's revelations.
