Myles Dillon, Nora Chadwick : The Celtic Realms: The History and the Culture of the Celtic Peoples from Pre-History to the Norman Invasion before purchasing it in order to gage whether or not it would be worth my time, and all praised The Celtic Realms: The History and the Culture of the Celtic Peoples from Pre-History to the Norman Invasion:

1 of 1 people found the following review helpful. but good. I did learn some thingsBy ShopperThis is a really in depth history. Actually, it was quite over my head for a casual reader, but good. I did learn some things. However, I must admit I was too impatient to go look up every new name and place so probably could have gotten more out of it. I did not feel the maps were of much use as the author talked about places that I could not find on the maps. For a beginner. Maybe not the best book on the subject. Again, I confess I know nothing about this era and was just curious about things like Druids, Britain's etc.0 of 0 people found the following review helpful. Excellent supplement to Peter Ellis' The Celtic EmpireBy AdamI enjoyed this book as a good supplement to Peter Ellis' "The Celtic Empire: The First Millennium of Celtic History, 1000BC - AD51."While that book focused more on the events of their history, their struggles both internal and external, this book focuses more on their development culturally. Whole chapters are dedicated to poetry and literature, art and religion.Those looking for a comprehensive view of the Celts should pick up both of these books.0 of 0 people found the following review helpful. One of the first and best references of early Celtic historyBy Marie ClewleyOne of the first and best references of early Celtic history, this is a must for your personal collection in the topic of Celtic Studies.

In their masterly survey of the history and culture of the Celtic peoples, Dillon and Chadwick cover the whole period from the Celts' pre-historic origins to the Norman invasion of Britain. Though few really understand Celtic art, the authors demonstrate the peculiar genius of the Celts in their religion, literature, and visual arts.
