told some wild stories about his past but he did and still does make an impact around the world.1 of 1 people found the following review helpful. Great book of essaysBy The ChroniclerGreat book of essays. This collection is mostly about ideological ideas. I found myself agreeing and disagreeing with the many of the statements. If anything it made me think about different views which is always good.0 of 0 people found the following review helpful. This is a great book. Anton is ahead of his timeBy Kyle CamardoThis is a great book. Anton is ahead of his time. And I love how he calls out all the BS in the world. I'm almost done with it, then I will be reading The Satanic Witch.

Wisdom, humor, and dark observations by the founder of the Church of Satan. LaVey ponders such topics as nonconformity, occult faddism, erotic politics, the "Goodguy badge," demoralization and the construction of artificial human companions.
