Joann Fletcher : The Egyptian Book of Living and Dying: The Illustrated Guide to Ancient Egyptian Wisdom before purchasing it in order to gage whether or not it would be worth my time, and all praised The Egyptian Book of Living and Dying: The Illustrated Guide to Ancient Egyptian Wisdom:

2 of 7 people found the following review helpful. Was not the edition I wantedBy Claudia PenningtonThe book is in excellent shape, but is s smaller version of the one I wanted. The print is so small that it is very difficult to read.

Explore Egyptian beliefs, myths and rituals in this illustrated work. The ancient Egyptians left behind an astonishing cultural legacy - a rich body of writings about the quest for immortality and the passage through life, death and the underworld. Artifacts, paintings and burial sites, left behind almost 2000 years after the disappearance of this

extraordinary civilization, continue to intrigue us today. The book traces the journey of the soul from creation to death, and the hazardous voyage that it must make through the Underworld after death in search of eternity. Magic, ritual, the gods and pharaohs, the symbolism of the stars and great battles are key themes in this journey.

"This book is a testament to the extraordinary intelligence and inventiveness of one of the great religious systems of history." *The Good Book Guide*, 2002
About the Author: Joann Fletcher, PhD, is a freelance Egyptologist who acts as a consultant to several museums and research organisations. Archaeology writer for *The Guardian*, she lectures for the British Museum and receives acclaim for her TV documentaries. Previous publications include *Ancient Egypt* (DBP, 1999) and *Egypt's Sun King* (DBP, 2000). Joann lives in Scarborough.
