**W. H. McLeod : The Evolution of the Sikh Community: Five Essays (Oxford India Paperbacks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Evolution of the Sikh Community: Five Essays (Oxford India Paperbacks):

Sikh history has traditionally been regarded as a paradox. Beginning in the early sixteenth century as a system of internal devotion. Sikhism emerges into prominence during the eighteenth century as a clearly defined belief laying powerful stress upon external symbols. In a series of five essays this book examines Sikh history, scriptures, and society, seeking to show that the evolution of the community during the last 500 years has been a direct response to

circumstances in the Punjab.

About the Author W. H. McLeod is at University of Otago.
